

Keeping You Informed

We our associates

Your commitment to caring for our communities is an act of love that we celebrate every day at Penrose-St. Francis (PSF).

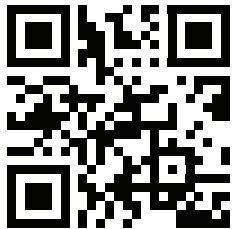

During this season of showing love, we wanted to express our affection and appreciation for our incredible associates.

One of the ways we express our love is by providing top benefits that help our associates care for themselves and their families. In addition to providing **competitive health, dental and vision care; flexible spending accounts, including an employer contribution to the dependent care FSA; and a variety of insurance plans, including life, disability and many other types**; we also provide many benefits that make Penrose-St. Francis a great place to work.

**Thank you for all you do for our patients,
our hospitals and the communities we serve**

Take a look at some of the additional benefits provided at PSF:
