

Penrose Hospital

Committed to building a healthier future for all.

FACT SHEET | 2024

CommonSpirit
Penrose Hospital

Penrose Hospital combines expert medical skills with a compassionate touch, to care for the whole person.

Penrose Hospital, located in the heart of downtown Colorado Springs, was established in 1890 and continues to serve as a flagship hospital in our community, offering the highest quality of care lead by compassion.

Penrose Hospital provides secondary and tertiary (high tech) medical-surgical services specializing in cancer care, cardiac care, emergency trauma care, hospice, imaging, neurosciences, and palliative care. Additionally, Penrose Hospital is an American College of Surgery (ACS) verified Level I Trauma Center, capable of providing total care for every aspect of injury—from prevention through rehabilitation.

2222 N Nevada Ave | Colorado Springs, CO 80907
(719) 776-5000

Our non-profit, faith-based hospital is the cornerstone of health care services for the Pikes Peak region with 24-hour emergency and acute care services.

Distinctive Services

Noteworthy areas of care include:

- Penrose Hospital is proud to be a Bariatric Center of Excellence. Penrose is currently the only Certified Center of Excellence in the southern Colorado region.
- Penrose Hospital's acclaimed heart program consistently achieves outcomes that exceed national benchmarks.

Awards and Accolades

- ACS Level I Trauma Verification
- American College of Surgeons—Rectal Center of Excellence accreditation
- American Society for Bariatric Surgery—Bariatric Center of Excellence
- Gold Plus and Target Stroke Elite Plus Achievement/Get with the Guidelines from American Heart Association and American Stroke Association
- Level II State Trauma Designation
- Designated as a DNV Comprehensive Stroke Center
- Leapfrog Hospital Safety Grade A – Spring 2023

Magnet Hospital Recognition

Penrose Hospital has been designated as a Magnet hospital. This designation is awarded by the American Nurses Credentialing Center (ANCC). Before achieving Magnet status, a hospital must demonstrate excellence in nursing and patient care as well as innovation in professional nursing practice.

Patient & Community Resources

The employees at Penrose Hospital and their sister facility, St. Francis Hospital, serve their community through education, preventative care, safety initiatives, health advocacy, counseling and support groups.

We live our mission daily in the hospital and through community partnerships. Last year, our hospitals collectively provided more than \$10 million in total community benefit across the Pikes Peak Region.
